

# ARKANSAS

## *Transition Update*

We would like to share with you that Preferred Family Healthcare has identified an Arkansas organization to potentially acquire all of our non-contractual services in Arkansas. Our discussions with this entity are extremely promising. Obviously, due diligence efforts are being conducted and we will notify you as soon as possible with specific details.

It has been our goal to preserve the teamwork and legacy found throughout the network of locations. To ensure that the future of the Arkansas operations remains strong during the inevitable transition period, please remain diligent to the continuation of quality service. This is especially true for those whose efforts are closely tied with public schools, especially as the start of school nears.

Again, we are hopeful that we will be able to confirm an agreement within a relatively short period of time. We certainly recognize the anxiety many of you are experiencing, and we really desire to be able to provide clarity of direction for you very soon.
